

OUR GOAL

Ravenwood Veterinary Clinic is dedicated to providing your pet with the longest and highest quality of life possible by maintaining our vision of "Excellence In Veterinary Care". Our goal is to accurately diagnose and treat our patients with the most modern technology, current medical recommendations and surgical techniques, while still maintaining an emphasis in the comprehensive physical exam. We are committed to compassionate care of our patient and timely communication with our clients.

EXCELLENCE IN VETERINARY CARE

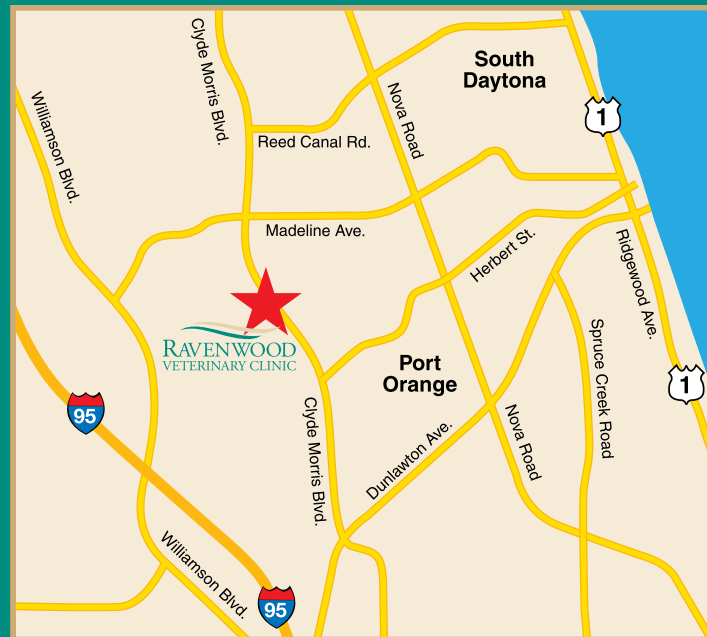

CARE CREDIT

Our standard policy is to accept payment at the time services are rendered. We accept cash, check, VISA®, Mastercard® and Discover®.

When unexpected medical costs arise, we offer CareCredit®. Approved applicants will be able to finance their medical costs through a choice of several payment options. CareCredit® is a credit card exclusive for healthcare services. With CareCredit, you can get a No Interest* payment plan if paid in full within 6, 12, 18 or 24 months on purchases with your CareCredit® card. *See application or brochure for full details.

We gladly accept:

RAVENWOOD
VETERINARY CLINIC

ABOUT US

Ravenwood Veterinary Clinic was established in 1978. Over the following years, Ravenwood has grown from a solo practitioner to a four doctor veterinary practice. Our team of doctors pride themselves on our top quality medical care, modern facility, and friendly knowledgeable staff. We offer all specie animal care including: medicine, surgery, and orthopedics, critical care, advanced dentistry, ultrasound, laser surgery, endoscopy, and oncology.

Each of our doctors has a special interest in different areas of medicine and surgery, allowing us to work together as a team, enabling your pet to receive the utmost care by providing an extensive range of veterinary care to the community.

OUR STAFF

Like our doctors, our technical staff also has interest and experience in many different fields of veterinary medicine including anesthesia, surgery, orthopedics, emergency critical care, dentistry, and additional experience with wildlife, exotics, and avian (birds) care. We strongly believe that our patient care is only as good as our nurses, thus, we make it a priority to have highly trained, compassionate and dedicated staff that have tenure at our facility.

Our receptionists are critical when it comes to client communication and the care of your pet, so we ensure they have the highest level of training and dedication to our practice.

OUR FACILITY

Our state-of-the-art 5000sq. ft. facility was built and completed in 2009. To serve you, we have incorporated seven exam rooms, a dual surgery suite, a dual dental area, and an open ICU and surgery recovery area.

Our radiology room houses a digital x-ray unit, and an ultrasound machine. To ensure the safety and wellbeing of our patients, we have a separate ward for cats and dogs.

Our on-site lab consists of the latest in modern, up to date equipment for running complete blood count and chemistry profiles. We also have a pharmacy, as well as a large selection of prescription diets and nutritional foods.

You can find all you need to know and much more about our clinic at: www.ravenwoodvet.net
